1. ☐ Attachment 1 is a copy of the report and recommendations of the Security Committee's Foreign Disclosure Working Group. That group was set up to study current procedures for the disclosure of intelligence to foreign governments, and to recommend corrective measures for any problem areas found. The Working Group members, less the NSA representative, concluded that there was a need for additional guidance governing the disclosure of compartmented intelligence. Attachment 2 is a copy of the NSA representative's dissent to those conclusions.
